Kneading Alive

Contrasts not oppositions
simultaneous rather than successive
syntagmatic lives in presencia
no paradigmatic ausencias
commute not substitute
reality lies in mutability
synchronized in perpetual vibration
propagating lives of visionary exhibitions
eloquent Creators of
what is us
thus, we must become, allied lives.

Creation

seeing a voice hearing different,

smiles breaking frowns
ears, modulating silence, defeating drilling mundane
dancing tongues
swirling, forwards backwards, up and down,
reproducing,

finger-printing, decorating phones, taps , laps and
hands talking under rain
dripping umbrellas,
configurating water
momentarily sustained on

shadows, dark
gesticulating sound tracks
of life

ephemeral sculptors
of creation,
permanent of all
