### Ugly Truth

world is full of ugly truths,  
living with ignorance  
is way to survive,  
only way to be sane  
not scared to die  
just horrified by honest lie.  
enough! can't take it no more  
truth is what?  
collection of some words  
yet so brutal,  
don't let them slide  
or shut down and hide.  
choose whatever battle  
keep an open mind  
push all boundaries  
it won't take long  
resisting them is futile  
so embrace it with smile  
because in the end  
these ugly truths  
will go on and on and  
on....
